Comments to the School Board

Two district parents addressed the School Board advocating for repairs to the high school auditorium, stage/facilities, and technology equipment.

FY 2023-2024 Audit Presentation

Scott LeSage of CESO (Center for Effective School Operations) presented the FY 2023-2024 district audit results. The report was compiled with the help of LB Carlson (formerly Malloy, Montague, Karnowski, Radosevich, and Co.). An independent firm must prepare an annual audit of the district's general fund. LB Carlson prepares and submits it to the Minnesota Department of Education and the State Auditor's office. During the audit process, LB Carlson also reviews the student activity funds and financial management, ensuring the district has the proper procedures in place.

The school district is wrapping up the work and addressing any final questions with LB Carlson. The district expects to receive an unmodified or "clean" opinion on the basic financial statements, which is the highest opinion an auditor can provide. The district has received this rating in previous audits. Physical copies of the report will be available in June. In past audits, the auditors found the district's internal controls to be well-designed, implemented, and functioning correctly. One of the audit's regular findings (and again this year) is related to the segregation of duties in the district's finance and payroll departments. Though this finding could be addressed by hiring additional staff, the district continues to prioritize resources to the classroom and addresses this finding through additional process controls. Additional findings were related to the prompt payment of invoices and internal controls over suspension and debarment. When complete, the full audit report will be available on the district's website at www.isd197.org/district/finance.

<u>Curriculum Review Update – Foundational Curriculum</u>

Cari Jo Drewitz, Director of Curriculum, Instruction and Assessment, and Katie Quinlan, Elementary Curriculum and Gifted and Talented Coordinator, presented an update on the Foundational Curriculum review. The review team consisted of K-2 teachers, instructional coaches and an EL/SPED teacher. As part of their review process, the team reviewed READ Act curriculum review rubrics and approved curriculum materials; conducted grade level evaluations of current literacy schedules and instruction routines; adjusted the *Being a Reader* curriculum to accommodate for Foundational skills; participated in ongoing training; completed multiple implementation surveys; reviewed FAST fall and winter screening data; observed Foundational Curriculum in other classrooms; and worked collaboratively to provide implementation feedback.

The three foundational programs that were reviewed were Functional Phonics, Magnetic Reading and UFLI. Magnetic Reading was selected by the team. Magnetic can be implemented with less variability from classroom to classroom. It offers flexible scheduling options to create a comprehensive curriculum with *Being a Reader*. Full curriculum implementation will occur in the 25-26 academic year. Summer training opportunities will be provided to K-2 teachers. The team will revise the *Being a Reader/Being a Writer* scope and sequence. Ongoing training opportunities will be provided throughout the year to address use of assessment and differentiation options.

First Reading of Policy 603, Curriculum Development

Cari Jo Drewitz, Director of Curriculum, Instruction and Assessment, presented a first reading of Policy 603, Curriculum Development. The policy was last reviewed in January of 2022. The district's current policy was reviewed against MSBA's model policy and the recommended changes are to align with new state statute. The district is already in compliance with these updates. The new language in policy asks the committee to recommend the following:

- Strategies to ensure the curriculum is rigorous, accurate, anti-racist, culturally sustaining, and reflects the diversity of the student population
- Strategies to ensure that curriculum and learning and work environments validate, affirm, embrace, and integrate the cultural and community strengths of all racial and ethnic groups The advisory committee has developed a rubric to help them do this specific work. Some specific

examples of how the committee has used the 4-Way Equity Test this year in their work include:

- Support the development of equitable and engaging Career and Technical Education (CTE) pathways, offering work-based learning, college credit, and industry certifications for all students
- Prioritize the exploration of Direct Student Supports that address barriers faced by underrepresented student groups, such as how to offer and expand student tutors, middle school FLEX support, and refining transition procedures to equitably benefit students of color, EL students, and students with IEPs
- Provide input on the local literacy plan, specifically with the communication that is provided to parents of students who are at risk of not reading at grade level

This policy will be brought back to a future meeting for a second reading.

Superintendent End of Year Report on Goal Attainment

Superintendent Olson-Skog, and Libby Huettl, Principal of Somerset Elementary, presented the end of year report on the 24-25 Superintendent goals. The goals were initially approved by the board at their September 9, 2024 meeting. The goals and updates are as follows:

 $\underline{\textbf{Goal 1}}$ - The superintendent will oversee the implementation of operational plans in support of the strategic plan.

- Goal 1a The superintendent will oversee the implementation of operational plans in support of the social and emotional learning focus area.
- Goal 1b The superintendent will oversee the implementation of operational plans in support of the equitable systems and support focus area.
- Goal 1c The superintendent will oversee the implementation of operational plans in support of the career exploration and preparation focus area.

This goal is complete. The operational plans included 21 implementation targets with 60 objectives. The board has received six progress updates on these targets over the course of the school year (two per focus area). The administration is pleased to report the completion of the district's implementation targets for the 2024-25 school year.

<u>Goal 2</u> - The superintendent will increase staff engagement and feedback through one-on-one interviews with all district staff within 4-6 years. Each year, this will require approximately 150-200 interviews.

This goal is complete. 165 interviews were completed over the course of the year. This included 85 interviews of staff members who were new/newer to the school district. The remaining 80 interviews

were of staff members who were celebrating a 10, 15, 20, 25, 30 or 35 years of service milestone and/or retiring.

<u>Goal 3</u> – The superintendent will increase alignment and coordination among and between district and site leaders. Specific strategies include implementing the Principal Support Framework and increasing feedback cycles for district and site leaders.

This goal is complete. The Principal Support Framework (PSF) Team continues to lead the development of systems that increase strategic partnerships between principals and the district office along with leadership development initiatives to increase principals' skills as equity-driven instructional leaders. The PSF team meets regularly both internally and with similar teams from other metro districts, supported by faculty from the University of Minnesota and the University of Washington. This work has led to a variety of initiatives that are intentionally co-created and/or co-selected with site and district leaders working collaboratively. Examples include: a new rubric for principals, embedding cultural competence into their instructional leadership; a refined Principal PLC/CT; Summer Day-Long Professional Development Events; the Minnesota Instructional Leadership Academy; co-created plans to support the most critical principal tasks (Leadership Development, Principal PLCs, Principal Rubrics); designated trusted leads for on-demand feedback; "Speed Dating" feedback rounds; time studies; and increased presence of district leaders in buildings

It was moved by Ms. Steele and seconded by Mr. Vaupel to approve the completion of the 24-25 Superintendent goals and district implementation targets.

Aye: Tim Aune, Marcus Hill, Sarah Larsen, Byron Schwab, Morgan Steele, Jon Vaupel, Randi Walz. Nay: none.

The motion carried (7-0).

Adjournment

It was moved by Mr. Hill and seconded by Mr. Aune to adjourn the meeting at 6:20 p.m.

Aye: Tim Aune, Marcus Hill, Sarah Larsen, Byron Schwab, Morgan Steele, Jon Vaupel, Randi Walz. Nay: none.

The motion carried (7-0).

The next regularly scheduled School Board meeting of Independent School District 197 will be on Monday, June 2, 2025 at 6:00 p.m. It will be held at the City of Mendota Heights Council Chambers, 1101 Victoria Curve, Mendota Heights, MN.

Upon approval by the School Board, official minutes will be available at the District Office, 1897 Delaware Avenue, Mendota Heights, and on the district website. The full meeting materials are available for public inspection at the administrative offices of the school district and on the district website.

SUBJECT: Second Reading of Policy 603, Curriculum Development

BACKGROUND:

A review of Policy 603, Curriculum Development, has been performed. A first reading of this policy was presented to the board at their meeting on May 19. To recap, the policy was last reviewed in January of 2022. The current policy adheres to the district's processes and procedures currently in place. The district's current policy was reviewed against MSBA's model policy. The changes suggested in the policy are in alignment with new statute. The district is in compliance with these updates, which are described below.

This policy was reviewed using the district's 4-Way Equity Test. Policy 603 provides guidelines around a district advisory committee and curriculum development. The changes in this policy, section IV, E, 4 and 5 are in direct alignment with the 4-Way Equity Test. The new language in policy asks the committee to recommend the following:

- Strategies to ensure the curriculum is rigorous, accurate, anti-racist, culturally sustaining, and reflects the diversity of the student population.
- Strategies to ensure that curriculum and learning and work environments validate, affirm, embrace, and integrate the cultural and community strengths of all racial
- and ethnic groups.

Our advisory committee has developed a rubric to help them do this specific work. Some specific examples of how the committee has used the 4 Way Equity Test this year in their work include:

- Support the development of equitable and engaging Career and Technical Education (CTE) pathways, offering work-based learning, college credit, and industry certifications for all students.
- Prioritize the exploration of Direct Student Supports that address barriers faced by underrepresented student groups, such as how to offer and expand student tutors, middle school FLEX support, and refining transition procedures to equitably benefit students of color, EL students, and students with IEPs.
- Provide input on the local literacy plan, specifically in the communication that is provided to parents of students who are at risk of not reading at grade level.

RECOMMENDATION:

This is a second reading. No resolution is necessary at this time.

603 CURRICULUM DEVELOPMENT

I. PURPOSE

The purpose of this policy is to provide direction for continuous review and improvement of the school curriculum.

II. GENERAL STATEMENT OF POLICY

Curriculum development shall be directed toward the fulfillment of the goals and objectives of the education program of the school district.

III. RESPONSIBILITY

The superintendent shall be responsible for curriculum development and for determining the most effective way of conducting research on the school district's curriculum needs and establishing a long-range curriculum development program. Timelines shall be determined by the superintendent that will provide for periodic reviews of each curriculum area.

IV. DISTRICT ADVISORY COMMITTEE

- A. The school board must establish an advisory committee to ensure active community participation in all phases of planning and improving the instruction and curriculum affecting state and district academic standards.
- B. The District Advisory Committee shall provide assistance at the request of the superintendent. The advisory committee membership shall be a reflection of the community and, to the extent possible, shall must reflect the diversity of the district and its school sites, and shall include teachers, parents, support staff, students, and other community residents, and administration representation, and shall provide translation to the extent appropriate and practicable. Whenever possible, parents and other community residents shall must comprise at least two-thirds of advisory committee members.
- C. Within the ongoing process of curriculum development, the following needs shall be addressed:

- 1. Provide for articulation of courses of study from kindergarten through grade twelve.
- 2. Identify minimum objectives for each course and at each elementary grade level.
- 3. Provide for continuing evaluation of programs for the purpose of attaining school district objectives.
- 4. Provide a program for ongoing monitoring of student progress.
- 5. Provide for specific, particular, and special needs of all members of the student community.
- 6. Develop a local literacy plan to have every child reading at or above grade level no later than the end of grade 3, including English learners, and teachers providing comprehensive, scientifically based reading instruction consistent with law.
- 7. Integrate required and elective course standards in the scope and sequence of the district curriculum.
- 8. Meet all applicable requirements of the Minnesota Department of Education and federal law.
- D. Students identified as not reading at grade level by the end of kindergarten, grade 1, and grade 2 must be screened for characteristics of dyslexia. Students in grade 3 or higher who demonstrate a reading difficulty to a classroom teacher must be screened for characteristics of dyslexia, unless a different reason for the reading difficulty has been identified. See Minn. Stat. § 120B.12, Subd. 2.
- C. The District Advisory Committee must pursue community support to accelerate the academic and native literacy and achievement of English learners with varied needs, from young children to adults, consistent with Minnesota Statutes, section 124D.59, subdivisions 2 and 2a.
- D. The school district may establish site teams as subcommittees of the District Advisory Committee.
- E. The District Advisory Committee must recommend to the school board
 - 1. rigorous academic standards, student achievement goals and measures consistent with Minnesota Statutes, sections 120B.11, subdivision 1a; 120B.022, subdivisions 1a and 1b; and 120B.35;
 - 2. district assessments;

- 3. means to improve students' equitable access to effective and more diverse teachers;
- 4. <u>strategies to ensure the curriculum is rigorous, accurate, antiracist, culturally sustaining, and reflects the diversity of the student population;</u>
- 5. strategies to ensure that curriculum and learning and work environments validate, affirm, embrace, and integrate the cultural and community strengths of all racial and ethnic groups; and
- 6. program evaluations.
- F. School sites may expand upon district evaluations of instruction, curriculum, assessments, or programs.

V. CURRICULUM DEVELOPMENT PROCESS

- A. Students who do not meet or exceed Minnesota academic standards, as measured by the Minnesota Comprehensive Assessments that are administered during high school, shall be informed that admission to a public school is free and available to any resident under 21 years of age or who meets the requirements of Minn. Stat. § 120A.20, Subd. 1(c). A student's plan under this section shall continue while the student is enrolled.
- B. The superintendent shall be responsible for keeping the school board informed of all state-mandated curriculum changes, as well as recommended discretionary changes, and for periodically presenting recommended modifications for school board review and approval.
- C. The superintendent shall have discretionary authority to develop guidelines and directives to implement school board policy relating to curriculum development.

Debt Service (Fund 07)	\$ 10,207,623	\$ 1,292,184	12.7%	\$ 11,499,807			

Budgets in both fiscal years include the General budget, the Food Service budget, the Community Service budget, the Capital Project/Construction budget, and the Debt Service budget. The required deadline for budget approval is June 30th.

Both the proposed revisions to the FY25 budget and the proposed budget for FY26 will be presented with additional information in a presentation format presented to the board on Monday, June 2, 2025.

Overall, budget resources are allocated to help the district make progress toward achieving the items stated in the Strategic Framework, which in turn, drives the work of district staff and administrators. Within the Strategic Framework, we are committed to equitable practices by being accountable for removing barriers and creating equitable systems. Examples of how we allocate equitable resources include:

- 1. Compensatory education funds are distributed based on student and school free/reduced lunch participation and are used for intervention programming.
- 2. Intervention programs, such as, ADSIS, Title I, etc., have been put in place to support students who are behind grade level and/or not meeting standards.
- 3. English Learning programming that is in place supports students whose primary language is not English.
- 4. Achievement and integration programs are intended to achieve racial and economic integration, increase student achievement, and reduce academic disparities within the district.

Background Information

Government Fund Structure

General Fund

Used to account for the general operations of the school district. This fund includes salaries and benefits for teachers, principals, custodians, administrative support staff, paraprofessionals, and administrators, costs of supplies, textbooks, contracted services, utilities, repairs, and equipment. This fund is also used for long-term facilities maintenance (LTFM) projects of less than \$2,000,000 per site and for the capital projects (technology) levy.

Food Service Fund

Used for all expenditures related to operating the district's cafeterias, including food, salaries, benefits, supplies, and equipment. Food Service revenues come primarily from state and federal aid for meals served that qualify for reimbursement along with some revenue coming from the sale of meals to students and adults.

Community Services Fund

Used for expenditures related to community education programs such as Early Childhood Family Education, Adult Basic Education, youth enrichment classes, and Community Education Programs. Community Services revenue primarily comes from fees charged for the programs, state aid, and property tax revenue dedicated to community services.

Building Construction Fund

Used for expenditures of major building projects. Proceeds from the sale of bonds authorized in an election or against lease levy authority are tracked in this fund. This fund is also used for long-term facilities maintenance projects exceeding \$2,000,000 per site.

Debt Service Fund

Used to accumulate and account for resources that fund principal and interest payments on bonds sold to finance construction. These are akin to a homeowner's payments on a mortgage.

Why is this information important?

Understanding the fund structure is important because, with very few exceptions, money cannot be transferred from one fund to another. For example, raising a la carte prices or School-Age Care tuition is not a solution to a shortfall in the General Fund. Similarly, the resources of the Debt Service Fund or the Building Construction Fund cannot be used to pay teacher salaries.

General Fund Budget Assumptions (Fund 01)

FY2024-25 & FY2025-26 Revenue Projection information

Enrollment:

- Used 5,186 for FY2024-25 Revised Budget (K-12)
- Used 5,186 (no change at this time) for FY2025-26 Preliminary Budget (K-12)
- Other Enrollment Note: Increased costs on staffing/materials depending on the grades and locations of new enrollments.

State Aid: Formula Allowance:

- 2% in FY2024-25, down from 4% in FY2023-24
 - \$7,138 PPU to \$7,281 PPU for FY2024-25 (\$143 increase)
 - o Roughly 71% of the estimated revenue budget
- 2.74% in FY2025-26
 - \$7,481 PPU which is an increase of \$146
 - Roughly 70% of the estimated revenue budget

Levy/Local Property Taxes:

- FY2024-25:
 - Estimated to be roughly 24% of the revenue budget
- FY2025-26:
 - Estimated to be about 25% of the revenue budget

Revenue and Fund Balance Projection information

Special Education Revenue

- Cross-subsidy at roughly 75% reimbursement, which means the general fund pays for \$250 of every \$1000 spent.
- We expect more revenue, but it is a result of more costs.
- Anticipating an increase in Special Education state aid by utilizing Federal revenue for tuition bills

COVID (CARES/ESSER) related dollars

• COVID related dollars came to an end this FY2024-25 on 9/30/24.

Fund Balances

- The projections presented assume full utilization of restricted funds.
- Should we not be able to fully utilize our restricted funds, some of the projected unassigned fund balance would move/remain in the restricted fund balances.

Key Budget Assumption Formula Allowance

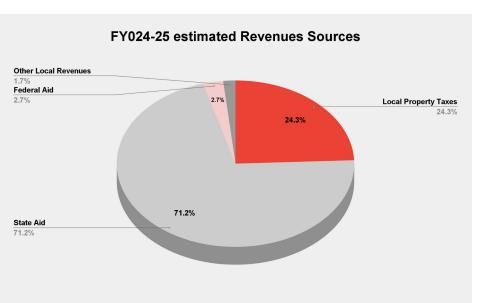

Fiscal Year	Formula Increase	Formula Amount	Formula Increase Amount
FY24	4.00%	\$7,138	\$275
FY25	2.00%	\$7,281	\$143
FY26	2.74%	\$7,481	\$146
FY27	2-3%	\$7,631	\$150

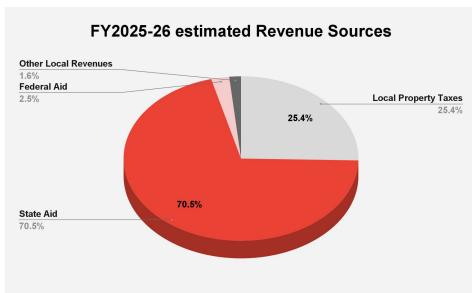

Formula Allowance for FY25 & FY26:

- The dollar amount per pupil unit used to calculate each district's basic general education revenue.
- Going forward there is a floor of 2% and a cap of 3%.
 Far below the increasing expenditure costs which will continue to allow expenditures to outpace revenues.
- For FY27 we assumed 2%, but it could be as high as 3% depending on inflation.

General Fund – 2024-25 Revised & FY2025-26 Revenue Sources (estimated)

FY2024-25 & FY2025-26 Expenditure Projection Information

Salaries & Benefits:

- Salaries: Per settled contract for FY25 and estimated parameters for FY26 Negotiations this spring and summer with staff
- For FY25, key revisions stemmed from using actuals instead of projections. A primary example is health insurance.

Special Education:

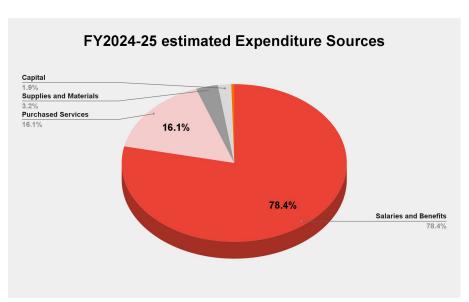

- We are continuing to see increases in expenditures in this area, which is consistent from what other districts around the state are experiencing.
- Legislation has reduced the percentage of special education costs we pay out of the general fund. However, given much higher costs, the actual dollar amount of the cross subsidy continues to rise.
- Federal dollars to pay tuition bills to help offset some of the increases.

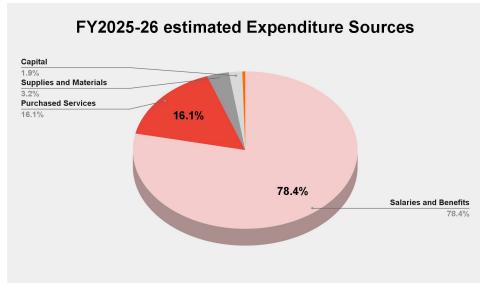

Other Considerations:

Paid Family Leave: Begins in January 2025 so only half of the impact will be felt in FY26 but full effect in FY27

FY25 General Fund Revised Budget (Fund 01)

General Fund Information:

The General Fund covers all revenue and expenses for the district's daily operations, including salaries and benefits for teachers, administrators, custodians, administrative professionals, and para-professionals. It also funds instructional supplies, technology, transportation, textbooks, and building maintenance and repairs. It is important to note that the General Fund does not cover Food Service, Community Services, debt service payments on bonds, or major construction projects financed through bonds.

The General Fund also includes expenses related to the capital projects (technology) levy, which focuses on curriculum and classroom technology, such as projection and sound systems, smartboards, and software. Additionally, the Fund covers costs funded by the Long-Term Facility Maintenance (LTFM) levy for projects under \$2 million. Projects over \$2 million are recorded in the Building Construction Funds.

Maintaining a prudent fund balance is crucial for district stability and is a key factor in determining credit ratings for debt issuances. The district's policy targets an unassigned fund balance of 8% of total unassigned expenditures. As of June 30, 2025, the projected unassigned General Fund balance is \$3,429,892, or 3.43% of the unassigned expenditure budget. This balance functions as the district's "savings account." Potential events requiring the use of this fund balance include:

- Property tax delinquencies and abatements
- Enrollment fluctuations
- Unanticipated price increases for essential purchases (e.g., fuel, utilities, transportation)
- State aid revenue reductions
- National or worldwide events
- Federal sequestration
- Unforeseen public health emergencies or severe weather/natural disasters

FY26 General Fund Preliminary Budget (Fund 01)

General Fund Information:

The General Fund covers all revenue and expenses for the district's daily operations, including salaries and benefits for teachers, administrators, custodians, administrative professionals, and para-professionals. It also funds instructional supplies, technology, transportation, textbooks, and building operations and repairs. The General Fund does not cover Food Service, Community Services, debt service payments on bonds, or major construction projects financed through bonds.

It also includes expenses related to the capital projects (technology) levy, which focuses on curriculum and classroom technology, such as projection and sound systems, smartboards, and software. Additionally, the Fund covers costs from the Long-Term Facility Maintenance (LTFM) levy for projects under \$2 million, while projects over \$2 million are recorded in the Building Construction Funds.

Maintaining a prudent fund balance is vital for district stability and is a key factor for bond rating agencies when assessing credit ratings for debt issuances. The district's policy targets an unassigned fund balance of 8% of total unassigned expenditures. As of June 30, 2026, the projected unassigned General Fund balance is \$4,673,534, or 4.46% of the unassigned expenditure budget. This balance acts as the district's "savings account." Unforeseen events that may require using the unassigned fund balance include:

- Property tax delinquencies and abatements
- Enrollment fluctuations
- Unanticipated price increases for essential purchases (e.g., fuel, utilities, transportation)
- State aid revenue reductions
- National or worldwide events
- Federal sequestration
- Unforeseen public health emergencies or severe weather/natural disasters

Re: Approve Intermediate District 917 FY26 Long-Term Facility Maintenance Levy/Budget

BACKGROUND:

As a member district, School District 197 is required to approve the long-term facilities maintenance program budget for Intermediate District 917. Each member district approves its proportionate share of the projects in 917's long-term facilities maintenance revenue application.

District 197's proportionate share is \$50,694.18. This amount will be included on our property tax levy and then paid to 917 after collection from the county.

RECOMMENDED RESOLUTION:

BE IT RESOLVED by the School Board of Independent School District No. 197 to approve ISD 917's Long-Term Facilities Maintenance Program Budget and authorize the inclusion of a proportionate share of those projects in the district's application for long-term facility maintenance revenue.

EXTRACT OF MINUTES OF MEETING OF SCHOOL BOARD OF

INDEPENDENT SCHOOL DISTRICT #197

(West St. Paul/Mendota Heights/Eagan Area Schools) STATE OF MINNESOTA

Pursuant to due call and notice thereof, a School Board meeting of Independent School District #197, State of Minnesota, was held on June 2, 2025 at 6:00 p.m., for the purpose, in part, of approving the Intermediate School District No. 917's Long-Term Facility Maintenance budget and authorizing the inclusion of a proportionate share of Intermediate School District's long-term facility maintenance projects in the district's application for long-term facility maintenance.

Member	 introduced the following	resolution	and	move	d its
adoption:					

RESOLUTION APPROVING INTERMEDIATE SCHOOL DISTRICT NO. 917'S LONG-TERM FACILITY MAINTENANCE PROGRAM BUDGET AND AUTHORIZING THE INCLUSION OF A PROPORTIONATE SHARE OF THOSE PROJECTS IN THE DISTRICT'S APPLICATION FOR LONG-TERM FACILITY MAINTENANCE REVENUE

BE IT RESOLVED by the School Board of Independent School District #197, State of Minnesota, as follows:

- 1. The School Board of Intermediate School District 917 has approved a long-term facility maintenance program budget for its facilities for the 2026-2027 school year in the amount of \$421,100.00 of which our District #197's proportionate share is \$50,694.18. The various components of this program budget are attached as Exhibit A here to and are incorporated herein by reference. Said budget is hereby approved. (Exhibit A.)
- 2. Minnesota Statutes, Section 123B.57, Subdivision 1, as amended, provides that if an intermediate school district's long-term facility maintenance budget is approved by the school boards of each of the intermediate school district's member school districts, each member district may include its proportionate share of the costs of the intermediate school district program in its long-term facility maintenance revenue application.
- 3. The proportionate share of the costs of the intermediate school district's long-term facility maintenance program for each member school district to be included in its application shall be determined by multiplying the total cost of the intermediate school district long-term facility maintenance program times a formula that weights two components equally between

the member districts: total net tax capacity and Adjusted pupil units. The long-term facility maintenance costs shall be funded through annual levy instead of issuing bonds. The inclusion of this proportionate share in the district's long-term facility maintenance revenue application for fiscal year 2027 is hereby approved, subject to approval by the Commissioner of Education.

4. Upon receipt of the proportionate share of long-term facility maintenance revenue attributable to the intermediate school district program, the district shall promptly pay to the intermediate school district the applicable aid or levy proceeds.

The motion for the adoption of the foregoing resolution was duly seconded by Member _____ and, upon vote being taken thereon, the following voted in favor thereof:

And the following voted against the same:

Whereupon said resolution was declared duly passed and adopted.

STATE OF MINNESOTA

COUNTY OF DAKOTA

I, the undersigned, being the duly qualified and acting Clerk of Independent School District #197, State of Minnesota, hereby certify that I have carefully compared the attached and foregoing extract of minutes of a meeting of Independent School District #197, held on the date therein indicated, with the original of said minutes on file in my office, and the same is a full, true and complete transcript insofar as the same relates to the approval of Intermediate School District No. 917's long-term facility maintenance program budget and authorizing the inclusion of a proportionate share of the Intermediate School District's long-term facility maintenance projects in the district's application for long-term facility maintenance revenue.

WITNESS MY HAND officially as such Clerk this 2 day of June, 2025.
